PARTICIPANT SUPPORT

Program Registration Questionnaire

Parents, caregivers, and/or participants are encouraged to **provide as much information as possible about support needs when registering.**

This information is provided to CAN staff at the beginning of each program to ensure that support strategies are customized to meet the unique needs and level of independence of each participant.

Ongoing Collaboration

We also encourage parents, caregivers, and/or participants to speak directly with program staff about ongoing support needs.

Ratio of Support

We are committed to providing participants with high quality support.

Swim & skate programs are staffed at a 1:1 ratio for safety reasons, while other programs vary in ratio of support with a focus on group instruction.

Participants & families can also bring their own Personal Support Worker to assist at programs. For more info, contact info@canucksautism.ca

SWIM LEVELS OVERVIEW

LIFESAVING SOCIETY®
The Lifeguarding Experts

Preschool Swim (3-5yrs)

Participants work on entries into the water, buoyancy, bubbles, movement, floats, and front/back swim. Games and songs are incorporated into lessons to create a fun environment that encourages comfort in the water!

Prerequisite: *No previous swim experience required. Participants with all levels of support needs are encouraged to register.*

Swimmer 1 (6-12yrs)

Focuses on swimming strokes, skills, and building confidence. Participants will be introduced to skills adapted from the Lifesaving Society Swimmer 1 curriculum, including bubbles, floating, gliding, kicking, water entries and exits.

Prerequisite: *No swim experience required. Intended for those working on the skills listed above.*

Swimmer 2

Will build on the foundational skills mastered in Lifesaving Society Swimmer 1, with a focus on kicking, front and back crawl, and Water Smart education. Participants will continue to work on swim endurance with a target distance of 10 meters. An introduction to deep water activities and life jackets will also be included.

Prerequisite: *Participants must have successfully completed Swimmer 1 (or Red Cross Level 1) and/or can confidently and independently execute the associated skills.*

! It is the parent/guardian's responsibility to register for the correct swim level!

If a participant has been registered into the wrong level, our ability to transfer them into the appropriate level once the season has started will be subject to availability. If no space exists, the participant may have to be withdrawn from the program.

Swimmer 3

Will continue to expand on skills completed in Swimmer 2 with the addition of front/side glide with kicks and increasing front and back crawl distance to 15 meters. A lot of time is spent in deep water practicing jumps, dives, and deep water support.

Prerequisite: *Participants must have passed Swimmer 2 (or Red Cross Level 2) and/or can confidently and independently execute skills developed in Swimmer 2 (or Red Cross Level 2).*

Youth & Adult (13+ yrs)

Focuses on building water confidence, improving fitness, and developing smooth, recognizable swim strokes. Participants work at their own pace toward personal swimming goals, with skills adapted from the Lifesaving Society Swimmer 1 program.

Prerequisite: *Suitable for participants who are still developing water entries and exits, floats, glides and front crawl.*
